

Carrie Murray Nature Center

Location:

The Carrie Murray Nature Center is located at 1901 Ridgetop Rd, Baltimore, MD 21207, south of Windsor Mill Road. This event will be held at the Fire Circle area at the end of Ridgetop Road, just past the Nature Center. The location is marked with a star on the map below.

Parking:

Consider carpooling, if possible! Parking is limited, and we want to be mindful of other visitors to the Nature Center. Please drive slowly and observe all posted signs. Parking options include:

1. The Ridgetop Road parking lot can accommodate around 10 vehicles. (Indicated with the number 1 on the map below.)
2. The Bus turnaround at Hutton Ave/Ridgetop Rd. Please park only in the area marked in yellow on the map below (along the edge of the bus circle).
3. Parking lot at Eagle Drive (from here, we recommend walking south away from Windsor Mill Road and crossing over to Ridgetop Road along the Granite Pipeline – in red on the map below).

If you have mobility issues that will make it difficult for you to make it to the meeting location, please email Carrie Murray Nature Center Director, Monica French at mfrench@baltimorecity.gov

Note: Cyclists can secure their bicycles close to our meeting location. There is bus service with stops on Windsor Mill Road and at the Bernard E. Mason apartments, a short walk away.
